NOTICE OF ANNUAL REDETERMINATION OF ELIGIBILITY: HOME ENERGY ASSISTANCE

Dear Walter Novak:

Pursuant to the program regulations governing the Home Energy Assistance program, all households in receipt of assistance are subject to a periodic redetermination of eligibility, which, in your case, is required to be completed prior to the expiry of your current certification period on Wednesday, March 31, 2027. In order that the Department may undertake the said redetermination, it is necessary for the enclosed Form HEA-R2 (Application for Continued Assistance) to be fully completed, signed, and returned to the Region 4 Benefits Office such that it is received no later than Friday, February 26, 2027. Forms received after this date may not be processed in time to prevent an interruption in assistance.

Subject to a determination of continued eligibility, it is anticipated that your monthly assistance amount will be adjusted from the current amount of US$142.00 to US$156.00 per month, effective from the payment issued for April 2027, in consequence of the annual revision of the program's standard utility allowances. No action is required on your part in relation to this adjustment, which will be applied automatically upon the approval of your continued assistance.

Please be advised that, in accordance with the program's verification requirements, households whose most recent income verification is more than twelve months old at the date of redetermination, which the Department's records indicate applies to your household, will be required, in addition to the return of Form HEA-R2, to participate in a brief telephone interview with an eligibility worker, the date and time of which will be notified to you in writing following receipt of your form; failure to participate in the scheduled interview, or to contact the Department to rearrange it before the scheduled time, will result in the closure of your case, notwithstanding the timely return of Form HEA-R2 and supporting documentation.

In addition to Form HEA-R2, verification of all household income received during the thirty (30) days preceding the date of your application must be provided. Acceptable forms of verification include, but are not limited to, benefit award letters, pension statements, and the most recent bank statement showing deposits. Verification documents may be submitted together with Form HEA-R2 or separately; however, they must be received no later than Friday, March 12, 2027. Please write your case number on each page.

Should you have any questions regarding this notice, or if you require this notice in an alternative format, such as large print or another language, or require assistance in completing Form HEA-R2, please contact the Region 4 Benefits Office helpline at the number shown above. You have the right to request a fair hearing if you disagree with any decision made regarding your assistance. Information about how to request a fair hearing is provided on the reverse of Form HEA-R2.

Sincerely,
